We are pleased to announce the 2020-2021 Student Council Representatives and Alternates. All of these students gave impassioned speeches full of new ideas to bring the school forward. Kindergarten News

Have a Wonderful Summer!

Transitions are such an important part of a child's life so it is important that children are as prepared as they can be. For this reason, this week the children have spent time discussing the summer holidays and what they would like to do with family. Our students shared that they would like to visit friends and family, eat ice cream, maybe visit a beach or go swimming.

If you are looking for some cheap and easy activities to do with your child, this article from Parents Magazine titled [25 Cheap Summer Activities for Kids](#) has loads of ideas. Enjoy!

No matter what you do, we want to take this opportunity to wish you and your family a safe, fun-filled summer break. We can't wait to see the children's postcards or pictures from their adventures with family.

Grade 4 Practice Some Hilarious Rakugo

The children in Grade 4 are learning about Rakugo, the traditional Japanese comedy. Students need to act several different characters from a story they choose. They enjoyed watching and videoing their friends' Rakugo and also performing their own Rakugo for others. Our students showed that they are truly funny and talented!

K2 Celebrates Tanabata!

During Japanese time, the students in K2 have been learning all about and celebrating Tanabata - the Star Festival - which will officially be held each year on July 7th. On this day people write wishes on small pieces of paper called tanzaku (短冊) which are then traditionally hung on bamboo. We hope you will enjoy our K2 students very own tanzaku with some very sweet wishes.
