

Grade 3 Curriculum Overview

2nd Half of Term 1 - 2022-2023

This is an overview of what Grade 3 students will be learning during the second half of the Summer Term in all subject areas. The students are all enjoying school and are eager to learn about the variety of subjects we are studying. We appreciate your helping the students with their homework as well as getting them prepared each morning for school. All of our students are off to a great start in G3!

Miss. Marazzi and Miss White

Help Your Child at Home:

- Make sure your child has a quiet, well-lit place to do homework.
- Help your child with time management.
- Establish a set time each day for doing homework.
- When your child asks for help, provide guidance, not answers.
- Reward progress in homework.
- Make books and movies in English available to you child at home.
- Encourage your children to tell you about what they are learning in school – ‘in English’!

We'd like to thank all the parents for helping out with the weekly reading support as well as the Thursday homework assignments. We hope that the students can build upon their hard work from Grade 2. In terms of the weekly reading homework, please keep an eye on whether or not your child is finding their storybook too easy or too difficult. A comprehension level of about 80 % is acceptable as this is neither too easy nor too difficult. If you feel the book is too difficult, please write us a note on Seesaw.

Homework

Homework is given out each Thursday and should be handed in on Monday. It will include one piece of English and one piece of maths, revising topics completed in class.

Children should read at home regularly and discuss the story with an adult.

Reading books can be changed once per week. The class teacher will help students to select an appropriate book when necessary.

Children will also be able to take home a recreational book from the MIS library in addition to a book from the 'class' library.

Please note that homework is intended as reinforcement of what your child has learnt and should not be completed by the parent!
Should your child have any difficulty completing any tasks set, please inform your child's teacher using Seesaw.

2 ND HALF OF THE TERM 1					
English	<p>Spelling: Common spelling words and patterns using Schofield and Simms in addition to words from the OIE scheme.</p> <p>Handwriting: joining and linking letters correctly based upon the Nelson scheme.</p> <p>Speaking and Listening: Units 2-3 of Oxford International English scheme.
